Policy Objectives

- This policy outlines what Hillcrest Primary School will do to prevent and tackle all forms of bullying and Child on Child abuse.
- The policy has been adopted with the involvement of the whole school community including pupils, governors and parents.
- Hillcrest Primary School is committed to developing an anti-bullying culture where the bullying of children, young people or adults is not tolerated in any form.

Introduction

- **Hillcrest Primary recognises that bullying can happen anywhere, despite everyone's best efforts.** We commit to acknowledging when bullying is taking place and dealing with it swiftly and effectively. Where bullying outside school is reported to school staff, it should be investigated and acted on. The headteacher should also consider whether it is appropriate to notify the police of the action taken against a pupil. If the misbehaviour could be criminal or poses a serious threat to a member of the public, the police should always be informed.
- **Hillcrest Primary School acknowledges that bullying is a form of Child-on-Child abuse, as set out in Keeping Children Safe in Education 2023.**
- Hillcrest Primary School champions the idea that all school stakeholders have the power, and responsibility, to stand against bullying in all its forms.

Definitions

- **Bullying:** "behaviour by an individual or group, repeated over time, that intentionally hurts another individual or group either physically or emotionally" (Preventing and tackling bullying Advice for headteachers, staff and governing bodies, DfE July 2017)
- **Child-on-Child Abuse:** the abuse of one child by another, happening "both inside and outside of school or college and online" (Keeping Children safe in Education, DfE 2021)

Types of Bullying

- **Baiting** can be used in bullying both on and offline. It can be used to bully someone to get 'a rise' out of them and it can be used to antagonize those who might be bullying others to get them to bully. Sometimes baiting is used secretly to try and get a person to explode in a rage or react negatively/loudly so that they get into trouble.
- **Banter** The dictionary describes banter as: 'the playful and friendly exchange of teasing remarks'. Bullying is often justified as being just banter. It may start as banter, but some types of banter are bullying and need to be addressed as bullying. **Hillcrest Primary School does not accept banter as an acceptable practise. Incidents, despite the intention, will not be tolerated.**

Types of Banter

- **Friendly Banter-** There's no intention to hurt and everyone knows its limits
 - **Ignorant Banter-** Crosses the line with no intention to hurt, will often say sorry.
 - **Malicious Banter-** Done to humiliate a person-often in public
- **Child on Child Abuse** All staff should be aware that children can abuse other children (often referred to as Child on Child abuse). This is most likely to include, but may not be limited to:

- Bullying (including cyberbullying)
 - When responding to cyberbullying concerns, the school will:
 - o **Act as soon as an incident has been reported** or identified.
 - o **Provide appropriate support** for the person who has been cyberbullied, and work with the person who has carried out the bullying to ensure that it does not happen again.
 - o **Encourage the person being bullied to keep any evidence** (screenshots) of the bullying activity to assist any investigation.
 - o Take all available steps where possible to **identify the person responsible**. This may include:
 - looking at use of the school systems
 - identifying and interviewing possible witnesses
 - Contacting the service provider and the police, if necessary.
 - o Work with the individuals and online service providers to prevent the incident from spreading and assist in removing offensive or upsetting material from circulation. This may include:
 - Support reports to a service provider to remove content if those involved are unable to be identified or if those involved refuse to or are unable to delete content.
 - Confiscating and searching pupils' electronic devices, such as mobile phones, in accordance with the law and the school searching and confiscation policy. (We will access the DfE 'Searching, screening and confiscation at school' and Childnet cyberbullying guidance to ensure that the school's powers are used proportionately and lawfully).
 - Requesting the deletion of locally-held content and content posted online if they contravene school behavioural policies. o Where an individual can be identified, the school will ensure that appropriate sanctions are implemented to change the attitude and behaviour of the bully, as well as ensuring access to any additional help or support they may need. o Inform the police if a criminal offence has been committed.
 - o **Provide information to staff and pupils regarding steps they can take to protect themselves online**. This may include:
 - advising those targeted **not to retaliate or reply**.
 - providing advice on **blocking or removing** people from contact lists.
 - helping those involved to consider and **manage any private information** they may have in the public domain.
- Physical abuse such as hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm;
- Sexual violence, such as rape, assault by penetration and sexual assault;
- Sexual harassment, such as sexual comments, remarks, jokes and online sexual harassment, which may be stand-alone or part of a broader pattern of abuse. It is essential that all staff understand the importance of challenging inappropriate behaviours between Children that are abusive in nature. Downplaying certain behaviours, for example dismissing sexual harassment as "just banter", "just having a laugh", "part of growing up" or "boys being boys" can lead to a culture of unacceptable behaviours, an unsafe environment for children and in worst case scenarios a culture that normalises abuse leading to children accepting it as normal and not coming forward to report it;
- Sharing of nude and semi-nude images and/or videos (previously known as Sexting or youth produced sexual imagery); and initiation/hazing type violence and rituals.
- Upskirting, which typically involves taking a picture under a person's clothing without them knowing, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress or alarm

We will challenge and respond to any concerns related to the above.

Types of victims of bullying:

- **Successful**

Individuals who are good at what they do might get bullied. Children may be bullied because they get a lot of positive attention from their peers and from adults. Bullies target these students because they either feel inferior or they worry that their abilities are being overshadowed by the target's abilities. As a result, they bully these children hoping to make them feel insecure as well as to make others doubt their abilities.

- **Intelligent, Determined, Creative**

At school, these students go that extra mile on schoolwork. Or they learn very quickly and move through projects and assignments faster than other students. For instance, gifted students are often targeted for excelling in school. Bullies usually single them out because they are jealous of this attention.

- **Vulnerable**

Children who are introverted, anxious, or submissive are more likely to be bullied than kids who are extroverted and assertive.

- **Isolated**

Many victims of bullying tend to have fewer friends than children who do not experience bullying. They may be rejected by their peers, excluded from social events, and may even spend lunch and break times alone.

- **Popular**

Sometimes bullies target popular or well-liked children because of the threat they pose to the bully.

- **Distinctive Physical Appearance**

Almost any type of physical characteristic that is different or unique can attract the attention of bullies. It may be that the victim is short, tall, thin, or obese. They might wear glasses or have acne, a large nose, or ears that stick out.

- **Illness or Disability**

Bullies may target special needs children. This can include children who have autism spectrum disorder (ASD), Asperger's syndrome, attention-deficit/hyperactivity disorder (ADHD), dyslexia, Down syndrome, or any condition that sets them apart. When this happens, the bullies show a lack of empathy or are making jokes at another person's expense.

- **Different Sexual Orientation**

If left unchecked, prejudicial bullying can result in serious hate crimes. As a result, it is essential that lesbian, gay, bisexual, and transgender (LGBT) students be given a solid support network in order to keep them safe.

- **Religious or Cultural Beliefs**

Bullying based on different religious beliefs usually stems from a lack of understanding as well as a lack of tolerance for believing something different.

- **Different Race**

It happens with all races and in all directions. No race is exempt from being bullied, and no race is exempt from having bullies. Just like with religious bullying, these students are singled out for no other reason than the fact that they're different.

School Ethos

- **Hillcrest Primary School recognises that all forms of bullying, especially if left unaddressed, can have a devastating effect on individuals; it can create a barrier to learning and have serious consequences for mental wellbeing.**

- By effectively preventing and tackling bullying our school can help to create a safe and disciplined environment, where pupils are able to learn and fulfil their potential.
- Our Community:
 - o Understands the importance of challenging inappropriate behaviours between Childs.
 - o Monitors and reviews our anti-bullying policy and practice on a regular basis.
 - o Supports staff to promote positive relationships to help prevent bullying.
 - o Recognises that some members of our community may be more vulnerable to bullying and its impact than others; this may include children with SEND. Being aware of this will help us to develop effective strategies to prevent bullying from happening and provide appropriate support, if required.
 - o Will intervene by identifying and tackling bullying behaviour appropriately and promptly.
 - o Ensures our pupils are aware that bullying concerns will be dealt with sensitively and effectively; that everyone should feel safe to learn and abide by the anti-bullying policy.
 - o Requires all members of the community to work with the school to uphold the anti-bullying policy.
 - o Recognises the potential impact of bullying on the wider family of those affected so will work in partnership with parents/carers regarding all reported bullying concerns and will seek to keep them informed at all stages.
 - o Will deal promptly with grievances regarding the school response to bullying in line with our complaints policy.
 - o Seeks to learn from good anti-bullying practice elsewhere.
 - o Utilises support from the Local Authority and other relevant organisations when appropriate.

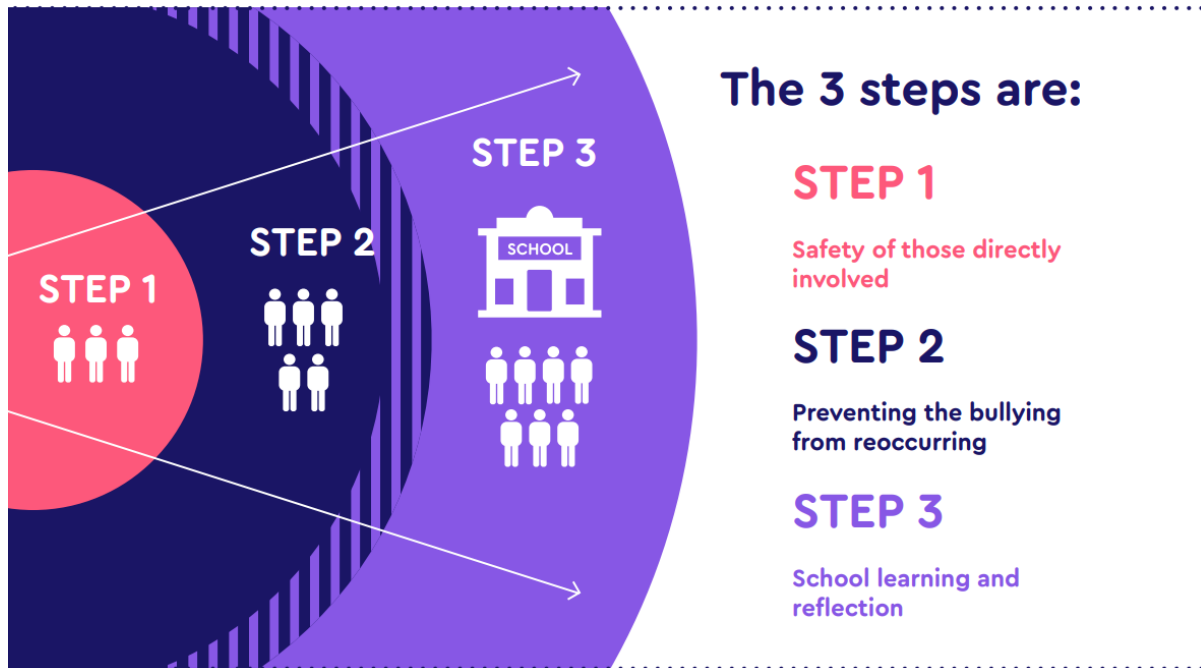

Responding to Bullying Concerns

The school encourages pupils and parents/carers to contact the class teacher in the first instance. However, should a very serious concern arise, or things are not improving, please contact one of the following dedicated Anti-Bullying members of staff:

- Mr Reeve-Hayes – Deputy Headteacher- deputyhead@hillcrest.norfolk.sch.uk
 - Mrs White- Assistant Head & SENDCO- sendco@hillcrest.norfolk.sch.uk
 - Mr Martin – Assistant Head – dmartin@hillcrest.norfolk.sch.uk

 - o If bullying is suspected or reported, the incident will be **dealt with immediately** by the member of staff who has been approached or witnessed the concern.
 - o The school will **provide appropriate support for the person being bullied** – making sure they are not at risk of immediate harm and will involve them in any decision-making, as appropriate.

 - o The school will **ensure parents/carers are kept informed** about the concern and action taken, as appropriate and in line with child protection and confidentiality policies.
 - o Appropriate **sanctions and support**, for example as identified within the school behaviour policy and child protection policy, will be implemented in consultation with all parties concerned.

- o If necessary, **other agencies may be consulted** or involved, for example the police if a criminal offence has been committed, or Children Services or Early Help if a child is felt to be at risk of significant harm.
- o Where the bullying of or by pupils takes place off school site or outside of normal school hours (including cyberbullying), the school will ensure that the concern is fully investigated and responded to in line with this policy and the school behaviour policy. If required, the DSL will collaborate with DSLs at other settings.

The school utilises the United Against Bullying 3 Step Response Model to underpin the above points and is outlined below.
